LONDON.

Dear Sir,

We have been appointed by the Headquarters of the American Army Transport Service, Managers of the collier steamers employed by them in the service between England and France.

The American Army Authorities have requested us, in our capacity of duly accredited agents, to obtain copies of freeboard certificates for a number of the ex-Austrian and ex-German steamers which have been allocated for this work by the American Shipping Board. We give you below a list of some of the steamers for which we are making these enquiries, and if same were originally classified in your Society we shall take it as a * favour if you will let us have copies of the original freeboard certificates issued, and note of your fees.
