Reference

Sir,

In reply to your classing letter of 18th. inst. Leith report 15250 "BROOMPARK" I may state that the bulb angles frames amidships are  $8\frac{1}{2}$  x 3 x .56 please see Secretary's letter of 3rd March 1916 and that the rivets in the treble riveted butts of C strake are  $3\frac{1}{2}$  diam. apart and that four 90 fthms. of  $2\frac{1}{4}$  S.W. and 2 90 fthms. of 6" manila warp have been supplied and put on board.

I beg to tender my regret at these errors.

I am, Sir,

Your obedient servant,

The Secretary,

LONDON.
