REC'D MAY 16 1921

Secretary,
New York, N.Y.

Dear Sir:-

In reply to your letter of the 12th inst regarding report No 3134 on the Steamer "Aladdin" we have pleasure in informing you that the bottom longitudinals were fitted as per approved section and that the steel used in this vessel has been tested as required by the Rules.

We regret that this was not clearly stated on the First Entry report.

Yours very truly,

The Surveyors.
