Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

24th October, 1930.

Dear Sirs,

I have to inform you that it is noted from your report No. 30482 in respect of the steamer "TRADER" that the freeboard marked on the vessel's sides is $6\frac{1}{2}$ inches.

As the freeboard assigned by this Society is $8\frac{1}{2}$ inches, it is concluded that your figure was given in error, but you should confirm this.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

SUNDERLAND.
