201, Tower Building.

Liverpool, 3. 8th August, 1933

With reference to the letter of the Dublin  
dated 22nd July 1933 regarding the S/S "ELSIE"

I beg to state that:-

The bearing surfaces for the hatchway fore and  
aft have been increased to 3 inches.

Rebolts have been fitted fore and aft in the  
rigging lifelines which are available for use  
in the regular working of the ship.

I am, Dear Sir,

Yours faithfully,

*J. Stiles*

LIVERPOOL.
