

Received by Chief Ship Surveyor 22.12.04

Received from Chief Ship Surveyor

VESSEL'S NAME Steel S.S. "Arrival"

Report Nwc. No. 48050.

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement." - Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey 1st entry.

RETAIN

It is submitted that before this case receives the consideration of the Committee, the report should be returned to the Surveyors and they should be requested to state thereon whether the deck is of iron or ^{iron} steel as on the first page they state it is iron and on the 3rd page steel. They should be requested to fill in the particulars of the kedge anchor if the ^{yes} same has been supplied to the vessel, and should also fill in whether the vessel has been built under ^{yes} special survey, their opinion as to the ^{100A1} class and whether freeboard is a condition of the class. (The midship section should be returned to them.) ^{no} ^{new?}
