Dear Sir,

I received a cablegram from you to-day reading as under:-

"25087 MOHRI ORORN"

As the new Register Books have not yet been received it was only after some difficulty that we were able to determine the name of the vessel from the Register Book number given, and it occurs to me that in order to avoid possible errors or the necessity of cabling an enquiry from this end, it might be advisable to use old Register Book numbers when referring to the names of vessels in cables during the months of July and August, in future.

I am, Dear Sir,

Yours faithfully,
