Lloyd's Register of Shipping.

71, Fenchurch Street, E.C. 3.

20th June, 1921.

Dear Sirs,

With reference to your First Entry Report No. 20152 and to previous correspondence respecting the Classification of the Ex-German Steamer "ANGLO-COLOMBIAN", I have to request that when forwarding your Report on Form 8 you will also send to this Office the anchor and cable certificates for this vessel.

You should also state particulars of bridge deck stringer, stringer angle and plating; thickness of poop and forecastle side plating, and whether the dry tank under boilers has been tested (if so the length of this tank should be given).

I am, Dear Sirs,

Yours faithfully,

Secretary.

Surveyors,

NEWPORT MON.
