

# Lloyd's Register of Shipping,

Lancaster Chambers, 17, Wind Street,

Swansea, 9th April. 1925.

Sir,

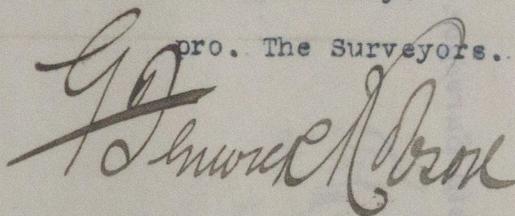

We have a letter from the Newport Surveyors regarding the freeboard of the steamer "AUSTRALIA", as there appears a discrepancy in the figures on the assignment note as shown on the vessel, we have requested the ship's side to be cleaned and prepared for the Surveyors at Manchester so that they can verify the markings and issue the form at once.

We have advised the Manchester Surveyors and forwarded the Newport letter.

We are, Dear Sir,

Yours faithfully.

pro. The Surveyors..

G. J. Snowdon

Secretary.

LONDON.
