

# Lloyd's Register of Shipping,

Midland Bank Chambers,

Newport, Mon. 4th April, 1925.

Dear Mr. Watt,

In reply to your letter of the 2nd instant, regarding the Freeboard report on the steamer "AUSTRALIA", the dimensions of the freeing ports are as stated on the report, viz:-

2 at 2.8' x 1.4' (oval)  
and 1 " 3.3' x 1.4' (oval), the incorrect figure on the report being the area.

The re-classification of the vessel has not yet been completed at this time, and, therefore, in accordance with instructions at foot of the official freeboard letter of the 2nd instant, we are not having the freeboards marked here.

With kind regards,

Yours faithfully,

*S.T. Bryden*

W. Watt, Esq.,  
LONDON.
