2nd April, 1925.

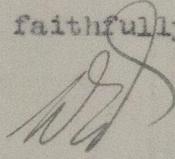

Mr. Brydon,

I am in receipt of your letter of yesterday's date regarding the freeboard report on the S.S. "AUSTRALIA", and your remarks regarding the freeing port area. We observed the area given on your report, and as a matter of fact we had an official letter written calling attention to the matter when your letter arrived.

You do not state the amended dimensions of the freeing ports, and you might kindly send these on when forwarding your freeboard verification of marking form.

With kind regards,

Yours faithfully,

Brydon, Esq.,
NEWPORT, Mon.
