FREEBOARD REPORT on the *Messrs Craig Taylor & Co No. 225*

It is submitted the Freeboards given on the accompanying form being those required by the Tables merit approval, subject to the particulars and dimensions now received being verified on completion of the ship.

The freeboards have been computed on a corrected tonnage coefficient of .79 and are, therefore, subject to alteration if found necessary.

If the corrected tonnage is .78 as in the S.B. Portcurnis these freeboards could be reduced one half an inch.
