Secretary,

Lloyd's Register of Shipping,

London.

Sir,

"Sonnenfels"

We are in receipt of your letter of 29th.inst.
that the first reports have been received from your
in Hamburg and that as this steamer was built in accordance
approved plans she is eligible for classification in Society's
er Book. For our own part we consider that she ought to be
d in your Society, and we have today asked the Ministry of
ng for their permission to have steamer submitted for the
l No.1 Survey described by your rules and hope to advise you
course of a few days that the necessary permission has been
d.

Yours faithfully,

John Law
