Survey Due Boiler Survey due 11,30.
Special Survey No.2 due 11,32.

Action in regard to the Boiler Survey of this vessel has been deferred by the Committee in view of her being laid up off Southend, and the Owners have agreed to carry out the inspection before she is recommissioned.

The Owners now write that the steamer is still laid up and as there is no immediate prospect of her being recommissioned they will be glad if the Committee will agree to the Special Survey being postponed indefinitely on the understanding that the survey and all necessary repairs will be carried out before the vessel is again placed in service.
