

S/S Navoldae

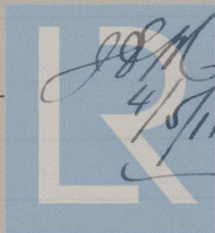

Gls Rpt No 30020

It is submitted that the accompanying boiler plans be returned to the Glasgow Surveyor, as requested, for their guidance in dealing with duplicate cases.

At the same time it might be pointed out to them that the size of screw shaft as per Rule is 14.8" & not 14.26" as stated in Report, the letter for Record of boilers is (T) & not A as placed in Report. The longitud. stay, ^{as per plan} in steam space being of steel.

Ly: - 4/5/11
