ENCLOSURE.

17th March, 1933.

Dear Sir,

I am in receipt of your letter of the 6th instant intimating that the steamer "WILLY" has been purchased by the Companhia Atlantica de Navegacao" of your port, and with reference to your request to be furnished with particulars from the previous freeboard report in this case I have to inform you that a remeasurement survey for the assignment of Convention freeboards in respect of this ship was carried out at Amsterdam in September last.

In the circumstances I enclose herewith a copy of the freeboard report and computation for discussion with the Technical Department of the Ministry of Marine, who should be informed that the existing freeboards are more favourable than those computed under the Convention, and it is therefore assumed that the existing freeboards will be assigned, but that in any case it is considered the following should be done to comply with the Convention requirements
