

BOARD REPORT on the S.S. "ERINOULA"

It is submitted the Freeboards given on the accompanying  
m, being those required by the Tables, merit approval, subject to:

1. Efficient horizontal stiffeners supported  
by stays or brackets being fitted to Nos. 1, 2 and 5  
hatchways on the freeboard deck, in accordance with  
Convention requirements.

2. The side fore and afters of No. 1 hatchway  
being renewed and made equal to Convention requirements.

3. The bearing surfaces of all the fore and  
afters being made equal to Convention requirements, and  
the fore and afters being steel shod at their bearing surfaces  
where this is not already the case.

The freeboards as computed under the Convention  
being greater than the existing freeboards, the latter have been  
re-assigned.
