ANSD

Dear Sir,

In reply to your letter of the 1st instant respecting the steamer "CARDIGAN", Middlesbrough First Entry Report No 9925, I beg to state that cargo battens were fitted in the shelter tween decks and that the stiffeners to the bulkhead on frame No 150 were fitted 11" x 3½" x .66, and it is regretted that they were not given on the report.

A plan showing the stiffening of bottom forward as fitted is forwarded herewith.

I am, Dear Sir,

Yours faithfully,

The Secretary.
