Dear Sirs,

With reference to Mr. Baker's First Entry Report No. 9925 on the new Screw Steamer "CARDIGAN", I have to request that you will be so good as to state whether cargo battens are fitted in the shelter tween decks, also whether the stiffeners to the bulkhead on frame 150 are $11\frac{1}{2} \times 3\frac{1}{2} \times .60$ as shown on the plan.

I shall be obliged if you will also forward the approved sketch of the strengthening of the bottom forward.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

MIDDLESBROUGH.
