

REPORT on the "S.S. Pennsylvania"

This Submitted the Surveyors be informed that if the bonnage opening be reworked as proposed, temporary covers be fitted over the opening, stormboards be fitted to the openings in the bulkhead between the upper and shelter decks at the forward end of the bonnage opening, the scuppers leading from the shelter tween decks to the helges be removed and new overboard scuppers be fitted in lieu thereof, the amended plans will be as given on the attached memo.

If the alterations are proceeded with the Surveyors should forward full particulars on form 117.

When sketch which should
be returned to this
office with amended report.
