

Messrs Richardson Duck & Co No 653

It is submitted the Owners be informed that if the tonnage opening is closed as proposed and the requirements of circular 1292 are complied with, freeboards 18 inches less than those of the sister vessel "Anglessa" with a tonnage opening, could be assigned, in <sup>that</sup> ~~which~~ case the summer freeboard would be 9 ft-9½ ins from statutory deck line 1¾ inches above the steel shelter deck at side provided the particulars and dimensions of No 653 are found on completion to be in other respects the same as reported for the "Anglessa".  
Copy of letter to be sent to the Surveyors.
