Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

2nd November, 1921.

Dear Mr. Daniel,

Many thanks for your letter of yesterday's date regarding the subdivision loadlines for the Steamers "ALPHONSO XIII" and "CRISTOBAL COLON".

No request has been made to this Society to examine the subdivision arrangements for these vessels, and we are accordingly issuing assignment letters for freeboard corresponding to a moulded draught of 25'-6". No deeper loading can be permitted as the draught is limited by sidelights.

With kind regards,

Yours faithfully,

A.J. Daniel, Esq.,
Assistant to the Principal Ship Surveyor,
BOARD OF TRADE.
