ENCLOSURE.

12th April, 1939.

Dear Sirs,

S.

I beg to acknowledge the receipt of your letter of the 11th instant and may say that the case has today been under consideration in this Office.

It is noted from the plan of the main injection valve forwarded by you that the diameter of the valve is 1/2" and I may say that in these circumstances the thickness of the wings as shown, viz:- 3/16" is regarded as being sufficient.

I return herewith the sketch No.112 referred to in your letter

I am, Dear Sirs,

Yours faithfully,

pro Secretary.
