

Enquiry into loss of the s.s. "QUARRINGTON COURT"

---

The Solicitor's Department of the Board of Trade telephoned yesterday and wished to make some enquiry of Mr. J.H. Matthews, Ship and Engineer Surveyor at Newcastle, about a survey held by him on this vessel. It was arranged that Mr. Matthews should be put into telephonic conversation with the Solicitor's Department, and as a result of this conversation they request that arrangements may be made for Mr. Matthews to attend the Court on Tuesday next, 27th instant, at 10.30 a.m.

It is submitted the Newcastle Surveyors be requested to arrange for Mr. Matthews to attend, and for him to be in the Newcastle Office at 9.30 a.m. on Tuesday morning to see Mr. Watt before proceeding to the Court.

24.9.38.
