REC^d 20 MAR 1913
ANS^d W

Sir,

I beg to enclose herewith the First Entry Report on the machinery of the steamer "COLUSA", and with regard thereto to acquaint you that the Builders are particularly anxious to receive the certificates of classification on the day of the trial.

You will observe from the report that arrangements have been made for certain outstanding matters to be attended to on Friday, 21st instant, and the certificates will only be handed over provided all outstanding requirements have been complied with.

I understand from the Society's Surveyors at Greenock that they are forwarding to you to-day the report on the hull of the vessel and that the midship section plan has already been forwarded for the preparation of the First Entry Certificate of Classification.

I am, Sir,

Your obedient servant,

S. L. Warlow

Secretary to the
Glasgow Committee.
