The Secretary,  
Lloyds Register of Shipping,  
WOKINGHAM.

Dear Sir,

"LULONGA".

Your favour of the 8th instant to hand and note you wish to make a general examination of hull and machinery, for which we will arrange accordingly.

The vessel is now on passage to Jersey. She then loads grain in France for E.C.U.K. and if practicable we will then arrange with Mr. Glenworth, our Superintendent Engineer, to get in touch with your people at Hull.

Yours truly,

THE GOOLE & HULL STEAM TOWING CO. LTD.
