

S.S. "WESTMINSTER ABBEY".  
-----

It is submitted the Owners should be informed that appears from a letter dated 19th March last, received from Society's Surveyors at Amsterdam, that they had then forwarded to the Society's Hamburg Office all documents regarding this vessel, including

- 5 Anchor Certificates (Germanischer Lloyd)
- 2 Chain Certificates (Germanischer Lloyd)

It is understood that the ship is still under survey Bremerhaven, and it would appear that the test certificates in question are still in the hands of the Society's Surveyors Hamburg or Bremen.
