Dear Sir,

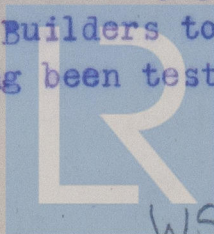

re., s.s. "WESTMINSTER ABBEY", installation for the  
burning and carrying of oil fuel.

Having reference to your letter of the 22nd  
I beg to forward for consideration under separate  
plans in duplicate, viz.,

- oil fuel and water ballast piping arrangement
- steam pipes
- oil fuel suction valves controlling gear
- oil fuel and ballast piping
- steam heating coils
- oil fuel heating arrangement
- oil fuel valves controlling gear
- oil fuel heating arrangement at settling tanks
- oil fuel burning installation
- oil fuel extinguishing arrangement
- ways to main stop valves on boilers.

Copies of the approved plans of the oil fuel  
boilers and settling tanks have been retained at the London  
Office for reference.

With regard to the new steam pipes proposed to be  
used it is submitted by the Builders to use material  
they have on stock having been tested by the
