

S.S. "WESTMINSTER ABBEY" ex

"ADOLPH WOERMAN"

6263 tons

b. 1906

Mr. Brewer, the Superintendent for the  
the above vessel, called at this Office this  
stated this vessel was undergoing survey for  
ion with this Society at Bremen. Mr. Brewer has  
vessel, and he states that there is passenger  
on in the upper tween decks, and for the  
of the shell and frames, side lining has been  
way of sidelights and about 10 berths have been  
the lining.

Mr. Brewer further states that Mr. Bahr,  
to this Society, requested him to call at this  
ent asking if this would meet the requirements of the

It is submitted the Bremen Surveyor might  
that provided in his opinion sufficient lining  
moved to satisfy himself of the general condition  
es, shell etc., the amount of lining removed  
sidered satisfactory.
