

Krimin Dpt. No. 505
dated 2th August 1921

o f B R E M E N

17 th July 1921

G . H . C . B a h r

Inspector's Representative survey the steel twin sc "VENEZUELA"
"STWINSTER ARBEY" ex "ADOLF WOERMANN" 6863 tons gross for
as alleged sustained through collision on the 20th January
when the vessel left Palmer's Dry Dock at Hebburn on Tyne.
For full particulars having reference to this casualty
entries in Log Book.

It was recommended that the vessel be placed in Dry Dock
for further examination. On Wednesday the 6th July 1921 examined
vessel's bottom in the Kaiserdock at Bremerhaven, and found
on port side in way of after end of No. 2 hold the bilge keel
& connecting T iron bar were badly indented and broken for
length of about twenty feet.

It was recommended that the damaged bilge keel and connecting
be renewed and that any cement found broken in way of the
be renewed.

For other damages and losses not included in This Report
entries in Log Book.
