"POHAPE". In the case of this vessel the Third Special Survey No.3 became due last August, and has been partly held.

In a communication recently received from the Helsingfors Surveyor he states that the barque has been sold to Liepaja Kara Astas Darbnicas, of Liepaja, and I shall be glad to learn whether the work of demolition has yet commenced.

Should demolition not have started I shall be pleased to hear from you immediately operations have been **undertaken**.
