5th July, 1932.

Dear Sirs,

I beg to acknowledge the receipt of your letter of the 1st instant in which you make enquiry as to the charge of £26 for the survey held at Curtis Bay by the Society's Baltimore Surveyor, and endorsement of the freeboard certificate of your steamer "ARIADNE PANDELIS".

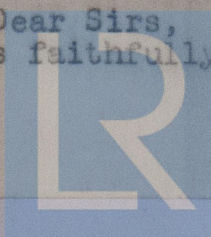

The following extract from a report dated the 9th June which has been received from the Baltimore Surveyor will explain the reason for the survey:-

"At the request of Master attended on board vessel which was ready to sail, to make examination to certify that vessel complies with the 1906 Board of Trade Regulations for Load Lines. Master stated local Customs Officials would not clear vessel unless the certificate was endorsed".  
"As the vessel was found in order the following endorsement was made on certificate. "This is to certify that I have examined the s.s. "ARIADNE PANDELIS" and find the vessel complies with the conditions set forth by the 1906 Rules of the British Board of Trade for Load Lines. This certificate is valid for a period not exceeding one year from the date of this endorsement".

The Surveyor charged a fee of £25, plus £1 expenses, for this survey, and, in the circumstances, it is considered that this fee is a reasonable one.

I am, Dear Sirs,  
Yours faithfully,

Marmara S.S. Co., Ltd.,  
Mrs. Pandelis & Co., Ltd.,
