

REPORT on the sp N 504 to be built by Messrs Swine's S.B. & D. Co

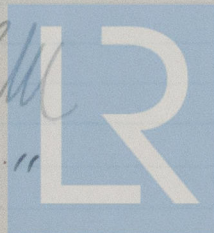

With reference to the amended particulars furnished for provisional freeboard assignment & if it is submitted the Surveyors should be requested to obtain the estimated under deck tonnage to the shelter deck, the round of beam intended for the shelter deck and also <sup>state</sup> whether the bridge above the shelter deck is intended to be closed at ends, or to have open passage ways.
