Liverpool, 16th July 1919.

Sir,

Re T.S.S. "ARGYLLSHIRE".

The Master of this vessel states that since the board was assigned, sidelights have been fitted forward aft in Tween Decks where troops are to be carried. Bottom of lowest sidelight is 2 feet 2 inches above top of disc and the Master wishes to know what the reduction in freeboard will be.

As the vessel is now loading I have been requested to ask for a reply by wire to-morrow.

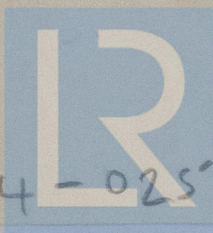

I am, Dear Sir,

Yours faithfully.

Secretary,

LIVERPOOL.

Arch. Murray.
