Wreck K150

S.S. "ITALIAN PRINCE", ex. "LANCASTRIAN PRINCE", No. 79410
in the R.B. Supp.

This steamer originally appeared in the R.B. under the name of "ITALIANA", which, however, was not adopted by the Owners, and when finished in May, 1921, she was reported by the Surveyors under the name of "LANCASTRIAN PRINCE" (See First Entry report attached).

On the last reprinting of the R.B. the question was raised as to the deletion of the record under the name "ITALIANA", and instructions were given that she was to appear in the new Book as the "LANCASTRIAN PRINCE" without reference to the former intended name of "ITALIANA" (Please see papers attached).

She has now been renamed "ITALIAN PRINCE", and the Registrar General stated to-day that no application was ever received by him for the registration of the vessel as "ITALIANA", but an application was made in 1921 for her registration as "LANCASTRIAN PRINCE".
