Barcelona, 8th April 1935

Sir,

With reference to the motor tanker "CAMPEADOR" which is present under survey at this port I beg to advise you that a certified copy of the freeboard certificate is kept on board.

At my request the Owners' local Representative wrote to Owners in Madrid for the original certificate. The Owners have advised that they only have a certified copy of the certificate suggesting that two copies must have been issued in the first instance and no original certificate.

They request that an original certificate be prepared forwarded to this office if it is considered necessary to replace certified copy on board by an original.

I am, Dear Sir,

Yours faithfully.
