

FREEBOARD REPORT on the

RISALDAR

It is submitted the Freeboards given on the accompanying form, being those required by the Tables, merit approval, subject to

✓ The freeing port area being increased on each side of the forward & after wells to 18 sq ft.

The surveyors should be informed that it has been assumed that any openings in the fore-castle bulkheads are closed by hinged teakwood doors as in the case of the sister ship "Havildar", but they should be requested to confirm this.
