

Flow

Enclosures.

Dear Sir,

S.

I duly received your letter of the 10th ultimo in further reference to the case of the motorship "SILVERCYPRESS", and have to say that your remarks have been carefully noted.

I may say, however, it appears that the Surveyor sent by the London Salvage Association from Hong Kong to attend this case, was their special Officer for that Coast, so that no official overtures can be made to them in this instance.

At the same time I have to confirm my cablegrams of the 11th and 15th instant, as per attached translations, and to acknowledge your reply of the 12th instant reading as follows:-

"63968 SURVEYED FOR CARGO ONLY NO CERTIFICATE
ISSUED ON SHIP".

I am, Dear Sir,

Yours faithfully,

C. B. Nelson, Esq.,

MANILA.

Clerk to the
Classification Committee.
