The Secretary,

Dear Sir,

In reply to your Classing letter respecting the First Entry Report No. 8749 on the S.S. "NAUSICAA", I beg to state that the spacing of the rivets in the edges of the outside plating in way of the oil tanks is 3 inches centre to centre as required by the Rules and the thickness of the double butt straps of the keel plate is .58" and .64". I regret this item was omitted from the report.

I am, Dear Sir,

Yours faithfully,
