PRIVATE.

25th April, 1925.

Dear Mr. Watt,

Messrs. Barclay, Curle & Co., Ltd.

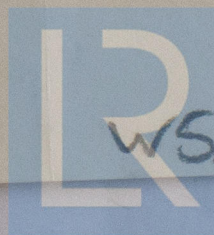

are contemplating building a ship of practically the same dimensions as the S.S. "NAUSICAA", No. 78163 in the Register Book. They have been supplied with plans of this vessel by the Owners and have been investigating the effect on freeboard of slight modifications in the dimensions, and are unable to reconcile their figures with the freeboard as given in the Register Book. I wonder if you would oblige me by letting me have privately a copy of the computation for this vessel in order that we may help the Builders as much as possible. If we could have it by return of post it would be of great assistance.

With kind regards,

Yours faithfully,

Geo. Webster
