5 ENCLOSURES.  
-----

4th April, 1922.

Dear Sirs,

I am in receipt of your freeboard report No. 8719 on the S.S. "NAUSICAA", and enclose herewith a memorandum giving particulars of the freeboards assigned to this vessel.

I have to request that you will let me know on Rpt. 12 (French) when the freeboard has been marked in accordance with the French regulations, in order that the certificates may be issued and a record made in the Register Book.

A memorandum is also enclosed for transmission to the Builders, and the plans, three in number, forwarded for reference are returned herewith.

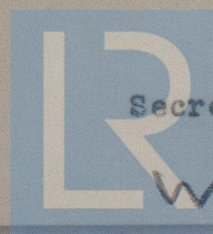

At the same time I shall be glad if you will state the thickness of the hatch covers fitted to No.1 hatchway of this vessel, as this information has been omitted from your report.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

BELFAST.
