71, Fenchurch Street, E.C. 3.

11th January 1926.

Dear Sirs,

I am in receipt of your letter of the 8th instant regarding the case of Messrs. Cochrane & Sons' No. 993, and note that the Owners are agreeable to the bridge deck planking being of 2 $\frac{1}{2}$ " pitch pine. This matter is therefore now in order.

In reply to the Builders' enquiry I am directed to state that as the height of the machinery casings above the top of the bridge wood deck is now proposed to be 2'6" as required by the Rules, the class will be 100A1 without any notation regarding the freeboard.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
