26th May, 1920.

Dear Sirs,

With reference to the case of the new s.s. "KORANTON" (your first entry report No.27793) I have to inform you that this vessel, originally started as a Standard vessel, appears to have been transferred to private ownership during construction, and I shall be glad if you will state whether special duties in connexion with the specification ceased at the time of transfer or if these were carried out until the completion of the vessel.

In the event of the former being the case, you will be good enough to state the percentage of work done in terms of form S.B.3 on the hull, engines and boilers, and installing of machinery at the date of the transfer of the vessel.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

SUNDERLAND.

Secretary.
