

COPY FOR LONDON OFFICE.  
Lloyd's Register of Shipping.

Port Jacksonville, Fla.

28<sup>th</sup> March, 1921

This is to Certify that I have

Surveyed the Steel Screw Steamer "San Leon" of London,  
England, 6349 tons gross register, while building

and that I have transmitted to the Committee of  
Register of Shipping, London, a Report, stating that all repairs  
recommended by me have been completed to my satisfaction, and  
that I have Recommended that she be classed 100A-1  
fitted for oil fuel flash point above 150°

being fit to carry Petroleum in Bulk.

William Hamilton

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors or other Officers, or Agents of the Society."
