Received from Chief Ship Surveyor \_\_\_\_\_

VESSEL'S NAME St. L. L. Pylades

Report Bur. No. 1141

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey \_\_\_\_\_

First entry

It is submitted that before this case receives the consideration of the Committee, the Glasgow Surveyors should be informed that the vessel has proceeded to their port to be fitted with her machinery, and that to complete the survey for classification, the engine and boiler casings require to be permanently riveted up after the machinery has been fitted. They should be requested to report upon the same as soon as the work has been completed to their satisfaction, for the information of the Committee, with a view to the classification of the vessel.
