LONDON

Plans
Dear Sir,

With reference to your letter of the 16th ultimo respecting the proposed classification of the Steamer "EARL OF DURHAM", we beg to enclose herewith plans of the midship section and profile and decks for the consideration of the Committee.

It is proposed to increase the length of No.2. hatchway at the after end and also to recess the fore end of the boiler casing to suit the new boiler which is being fitted, as shewn on the drawings.

We shall feel obliged if you will kindly arrange for the plans to be returned as quickly as possible as the work has already been commenced.

We are, Dear Sir,

Yours faithfully,

A. R. Palmer
pro Surveyors.

The Secretary,
LONDON.
