Enclosures.

LLOYD'S REGISTER

Recd. 24 JUN. 1926

Ans'd. 5/7/26

LONDON

*in Part 24  
(see list)*

Dear Sir,

I beg to forward herewith for consideration, a letter received from Messrs. The Rose Line Ltd., the Owners of the Steamer "EARL OF DURHAM", with reference to the classification of this vessel.

Specifications are in course of preparation for a new engine and boiler, and provided the hull of the vessel could be accepted for this Society's 100A1 class, without material alterations or additions, the machinery would be constructed under our survey and the class of the hull transferred.

A plan of Midship Section and part plan of profile and decks shewing scantlings as built is enclosed.

I am, Dear Sir,

Yours faithfully,

*T. Shaw.*

The Secretary,

LONDON.
