

S.S. "TOTNES".

This vessel was built in 1918 and classed with the Bureau Veritas.

The original compound engines and boiler have been removed and a set of triple expansion engines built under special survey in 1900 fitted. These engines have been examined throughout and satisfactorily reported upon.

The boiler, thrust and screwshafts, propeller, engine seating and pumping arrangements have now been renewed.

IT IS SUBMITTED that the vessel is eligible for the records of \* L.M.C. 3,28, \* N.B. 3,28  
\* N.E. 5,00 refitted 28, S.N. 3,28 CL.
