Enclosure.

28th February, 1936.

Dear Sir,

3. The Society's Surveyors at Havre have received a letter from the Owners of the steam trawler "NEPTUNIA", which has recently been lost by grounding at Brimsness in the Orkney Islands, which relates to the assistance they have received from your agent at Longhope, Orkney, and which obviously is intended for your office.

I therefore have pleasure in enclosing a copy of this communication for your information.

I am, Dear Sir,

Yours faithfully,

Clerk to the  
Classification Committee.

The Controller of Agencies,  
LLOYD'S,
