11th May 1926.

M

Dear Sirs,

With reference to my letter of today's date regarding the cofferdam proposed to be fitted in the Steamer "MIDDLESX", I have now pleasure in returning herewith the two tracings handed in by your Representative.

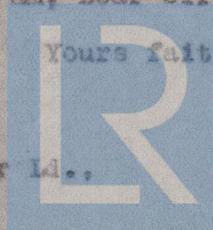

At the same time I have to confirm our telephonic conversation of this afternoon, and to state that an amended copy of the pumping plan is being forwarded today to the Society's Surveyors at Falmouth for transmission to Messrs. Cox & Co., in order that it may be substituted for the unamended copy which was inadvertently taken away by your Representative this morning.

Copies of these tracings have also been taken for the use of the Society's Falmouth Surveyors, and other copies for retention in this Office.

I am, Dear Sirs,

Yours faithfully,

Messrs. R. & H. Green & Silley Weir Ltd.,
Albert Docks,
London, E.
